## How do I configure the Android client?

---

**The [FirstClass Client](#) and [FirstClass Web Access](#) are the only officially supported methods for accessing FirstClass email. The information in this FAQ is provided as a reference only and does not imply that support is provided for devices that run Android.**

1. download, install, and launch the [FirstClass Mobile Client from the Android Market](#)
2. enter *android.fc.dekalb.k12.ga.us* in the "Server" field
3. enter your FirstClass login ID in the "User" field
4. enter your FirstClass password in the "Password" field
5. click the "Login" button

**NOTE:** You can also [configure your Android device to use IMAP](#) to check your FirstClass email.
